About This Content

Void Destroyer - Mini Sandbox is a proof of concept - of the planned sequel to Void Destroyer - released for fans to enjoy, give feedback and generate ideas.

While the "mini sandbox" has a lot of common sandbox features - it lacks the intended depth/polish of a full release and many planned features of Void Destroyer 2.

For these and other reasons this DLC is free to owners of Void Destroyer.

Features:

- Start with a small fighter - work your way up in the universe
- Expand your fleet with wingmen
- Complete missions for factions
- Collect bounties on pirates
- Purchase resources for trade - or steal them from cargo ships

-
- Persistent and living (though minimal) open sandbox
 - Estimated 5 hours of play time

I hope you enjoy getting a sneak peek at a sandbox experience in the Void Destroyer universe.
